

METRO BUILDING INSPECTORS ASSOCIATION

Minutes of Membership Meeting April 11, 2024

9:00 am Meeting called to order by Randy

Minutes from the March 7, 2024 meeting were approved. Motion made by Scott C. Second by Jeff L.

No Class in May due to COCM

Membership renewals should have been in by now. If renewal has not been made it was asked that you contact Bill Horndyk

There was discussion around whether or not permit applications needed to be updated after the memo from the State of Michigan. It was decided that it was probably not necessary to make changes to any applications at this time but to maybe review applications for the mandated information and language found in the Act.

Class in June will be held at Embassy Suites in Grand Rapids and the class has not yet been determined. Scott mentioned that there is some issues getting vendors for classes do to some changes in the verbiage contained within the new rule set.

The class for the day was introduced by Randy. The two classes were as follows: “ Deck Inspection for New and Existing Construction” CP22-00009, 1 hour specialty and “Wall Bracing and Wind Design” CP22-00010, 1 hour specialty.

Motion to adjourn was made by Jeff L. and seconded by Scott C.
